(Vancouver, April 27, 2020) – Rokmaster Resources Corp. (“**Rokmaster**” or the “**Company**”) is pleased to announce that it has retained Ascenta Finance Corp. (“**Ascenta**”) to arrange a non-brokered financing (the “**Financing**”) involving the sale of 8,000,000 flow-through units (the “**Flow-Through Units**”) and the sale of up to 9,090,909 non-flow-through units (the “**Non-Flow-Through Units**” and together with the Flow-Through Units, the “**Units**”).

The Flow-Through Units are priced at \$0.225 per unit, with each Flow-Through Unit being comprised of one flow-through common share of the Company (a “**Flow-Through Share**”) and one transferrable share purchase warrant to purchase one non-flow-through common share of the Company (a “**Warrant Share**”) at a price of \$0.30 per Warrant Share for a period of three years.

The Non-Flow-Through Units are priced at \$0.22 per unit, with each Non-Flow-Through Unit being comprised of one common share of the Company (a “**Common Share**”) and one transferrable share purchase warrant (a “**NFT Warrant**”) to purchase one Warrant Share at a price of \$0.30 for a period of three years, subject to an acceleration provision (the “**Acceleration Provision**”) whereby if at any time after four months after the date of completion of the Financing the Company's common shares have a closing price equal to or greater than \$0.60 per common share for ten (10) consecutive trading days on the TSX Venture Exchange (“**TSX-V**”), the Company shall thereafter be entitled to give notice to the holders of the NFT Warrants, by news release, that such warrants will expire at 5:00 p.m. (Vancouver time) on that date which is 20 days after the date of such news release unless exercised before the expiry of that period.

The Flow-Through Shares will qualify as “flow-through shares” (within the meaning of subsection 66(15) of the *Income Tax Act* (Canada) (the “**Tax Act**”). The gross proceeds raised from the sale of the Flow-Through Share component of the Flow-Through Units will be used by Rokmaster to incur “Canadian exploration expenses” (within the meaning of the Tax Act), and are to be renounced to subscribers of Flow-Through Units no later than December 31, 2020. Rokmaster will use funds raised from the sale of the Non-Flow-Through Units on exploration for the Revel Ridge Project as well as for working capital purposes.

Ascenta has advised the Company that it has received a commitment from Palisades Goldcorp Ltd., a Canadian resource focused merchant bank, to lead a syndicate that will make a strategic investment in Rokmaster by purchasing all 8,000,000 Flow Through Units. John Mirko, Rokmaster’s President & CEO, stated “Rokmaster is extremely pleased to have received this vote of confidence from the investment

group led by Palisades Goldcorp Ltd. The funds from this strategic investment will allow Rokmaster to commence drilling to add substantially to the resource at the gold-polymetallic Main Zone and commence feasibility level final metallurgy on the Main Zone mineralization”.

Ascenta will be paid an eight percent (8%) cash finder’s fee and issued such number of compensation options (the “**Compensation Options**”) as is equal to eight percent (8%) of the number of Units sold pursuant to the Financing. Each Compensation Option issued in respect of the Non-Flow-Through Units will entitle Ascenta to purchase one Non-Flow-Through Unit at a price of \$0.22 per Non-Flow-Through Unit for a period of three years, and each Compensation Option issued in respect of the Flow-Through Units will entitle Ascenta to purchase one unit comprised of one Common Share and one NFT Warrant at a price of \$0.225 per unit. The share purchase warrants to be issued to Ascenta shall not be subject to the Acceleration Provision.

The securities issued pursuant to the Financing are to be subject to a four-month hold and one day hold period and are not being offered or registered in the United States.

The Financing is scheduled to close on or about May 15, 2020, and is subject to certain conditions including, but not limited to, the receipt of approval from the TSX-V.
