Pursuant to the Financing, the Company issued a total of 8,888,889 Flow-Through Units at \$0.225 per unit, for gross proceeds of \$2,000,000, and 10,663,637 Non-Flow-Through Units at \$0.22 per unit, for gross proceeds of \$2,346,000, for aggregate gross proceeds from the Financing of \$4,346,000.

Each Flow-Through Unit is comprised of one flow-through common share of the Company (a “**Flow-Through Share**”) and one transferrable share purchase warrant to purchase one non-flow-through common share of the Company (a “**Warrant Share**”) at a price of \$0.30 per Warrant Share for a period of three years.

Each Non-Flow-Through Unit is comprised of one common share of the Company (a “**Common Share**”) and one transferrable share purchase warrant (a “**NFT Warrant**”) to purchase one Warrant Share at a price of \$0.30 for a period of three years, subject to an acceleration provision (the “**Acceleration Provision**”). If at any time after September 23, 2020, the Company's common shares have a closing price equal to or greater than \$0.60 per common share for ten (10) consecutive trading days on the TSX Venture Exchange, the Company shall thereafter be entitled to give notice to the holders of the NFT Warrants, by news release, that such warrants will expire at 5:00 p.m. (Vancouver time) on that date which is 20 days after the date of such news release unless exercised before the expiry of that period.

In connection with the closing of the first tranche of the Financing, the Company paid cash finder's fees of \$343,472, and issued 1,545,075 finder's Compensation Options, in aggregate, to Ascenta Finance Corp. (“**Ascenta**”) and Mackie Research Capital Corporation (“**Mackie**”). The share purchase warrants issued to Ascenta and Mackie are not subject to the Acceleration Provision.

The securities issued pursuant to the Financing are subject to a four-months and one day hold period expiring September 23, 2020 and were not offered or registered in the United States.

The gross proceeds raised from the sale of the Flow-Through Shares will be used by the Company for exploration financing that will qualify as “Canadian Exploration Expenses”, as that term is defined in the *Income Tax Act* (Canada) only. The net proceeds raised from the sale of the Non-Flow-Through Units will be used by the Company for exploration of the Company's Revel Ridge project, as well as for general working capital purposes.

John Mirko, Rokmaster’s President and CEO, stated “We are pleased to close this first round of financing with the strategic investment in the Flow-Through Units by the Palisades Goldcorp syndicate and by DELPHI Unternehmensberatung AG in the Non-Flow-Through Units. This puts us on a solid footing to sharply focus on increasing resources at our Revel Ridge Project.”

Rokmaster expects the balance of the financing to close on or about June 11, 2020.
