**ROKMASTER CLOSSES \$400,000 FINAL TRANCHE OF PRIVATE PLACEMENT & AWARDS
MICON INTERNATIONAL LIMITED CONTRACT TO UPDATE THE PRELIMINARY
ECONOMIC ASSESSMENT ON REVEL RIDGE**

(Vancouver, March 4, 2020) – Rokmaster Resources Corp. (the “Company”) wishes to announce that it has closed the final tranche of its non-brokered private placement with the issuance of 6,666,667 units at a price of \$0.06 per unit (a “Unit”) for gross proceeds of \$400,000. Each Unit is comprised of one common share of the Company and one non-transferable common share purchase warrant exercisable to purchase one additional common share of the Company at a price of \$0.10 for a period of two years expiring on March 4, 2022 and subject to an acceleration clause, further detailed in the Company’s news release dated January 2, 2020. All securities issued with respect to the first tranche are subject to a hold period expiring on July 5, 2020.

In connection with the closing of the final tranche, the Company paid cash finder’s fees of \$23,280 and issued 388,000 finder’s Compensation Options, in aggregate, to Leede Jones Gable Inc., PI Financial Corp. and Ascenta Finance Corp. Each Compensation Option entitles the holder to purchase one Unit at 0.06 per Unit for a period of one year expiring on March 4, 2021. The Units have the same terms as the Units issued to the subscribers of the private placement.

Proceeds from the private placement will be used to update a historical Preliminary Economic Assessment (PEA) and exploration work related to the Revel Ridge Project and for general working capital purposes. The PEA will incorporate the new Mineral Resource Estimate reported in a technical report (“see Rokmaster News Release dated, February 25, 2020) titled: “Updated Technical Report on the Revel Ridge Property (Formerly J&L Property), Revelstoke Mining Division, British Columbia, Canada.”

John Mirko, the Company’s President & CEO., stated “We are now well funded to complete an updated PEA which will incorporate for the first time, the current, substantially enlarged, Mineral Resource Estimate. We are excited to outline the preliminary economic potential of the project in the coming months.”
